

## REPORT OF THE FIVE WEEK SPENT IN VALENCIA FOR TRAINING ON OCULAR SURGERIES

### QUIJADA CLINIC

- The Quijada eye clinic was the point of entry for our training in Spain. Here we were welcomed by Dr Arturo and the management team.
- We spent first two days with him, and we had the opportunity to observe Phaco surgery, retinal surgeries in Quijada and also REFRACTIVE SURGERIES.
- I was introduced to LA FE HOPITAL by him

## LA FE HOSPITAL

- I spent the next three weeks in La Fe hospital mostly in the theatre. There I worked with Dr. VILA the glaucoma specialist. He introduced me to the steps of performing non penetrating filtration surgeries
- I also observed him perform them and other forms of glaucoma surgeries with the use of implant, XEN and AHMED

## OTHER SURGERIES OBSERVED

- It was also an opportunity to observe other surgeries most of them PHACO surgeries for cataract
- Oculoplastic surgeries by Dr. Bort Angeles and Dr. Enrique Espanol
- Vitreo Retinal surgeries with Dr. Martínez Costa Raphael

## DR PESET

- I was linked up with Dr. Peset by Dr. Martínez Costa Rafael for more glaucoma surgeries

- I had the opportunity of participating in a practical training for the implantation of the XEN devices

Also I observed more glaucoma surgeries by Dr. Damborini

I also visited the BAVERIA CLINIC where I observed Dr. Tomás perform Phaco surgeries.

## LIST OF SURGICAL MATERIAL NEEDED FOR NON FILTRATION GLAUCOMA SURGERIES

ITEM	DESCRIPTION	QUANTITY
COLLAGEN	OLOGEN By NEW WORLD MEDICAL CONTACT NUMBER USA 1.800.832.5327	60
SCAPEL BLADE	MICRO FEATHER ophthalmic scapel blade Product number 7726 B	50
SUTURE	6.O PRLNE	100
	7.O PROLENE	100
	10. O NYLON	100
REBOUND TONOMETER	I CARE OR	2

	CHINA PRODUCT FROM SUNBRIHGT COMPANY

## IMPRESSION

It was wonderful experience for me for the following reasons:

- I learnt a lot from the glaucoma specialist who demonstrated the various steps to me
  - I also learnt a lot from other surgeons, the oculoplastic, vitreoretinal surgeon and the pediatric ophthalmologist
    - I deeply appreciate their readiness to share their knowledge and skills

I will like to suggest that the hospitals and the doctors who are involved in the training should be contacted earlier to permit them, to make plans for the training

I will also like to suggests a two yearly, training programs if funding is available.

## APPRECIATION

I will like to thank Surg For All for giving me the opportunity to have this experience in Spain.

I will like to thank Dr Arturo for coordinating the training and also for his concern

I like to thank the Eye Department of LA FE and Dr Peset for making it possible

I will to thank the Bavaria eye clinic for giving me and opportunity to learn

I will like to thank Dr Roberto, Senora Anna, Dr Rubio, Dr Moya and all those who took time to take us around Valencia to share its beauty.

I look forward to another opportunity of visiting Valencia.
