RE: LETTER OF APPRECIATION

Dear Sir, I Dr. Ayuk, want to thank you immensely for sponsoring my training program here in Valencia, Spain.

It has been a very wonderful and exciting experience. I was able to have a good exposure, and also learnt new techniques in both urology and general surgery.

I was also privilege to interact with very nice and welcoming people who assisted me in many ways throughout my program.

I would like to inform you that my training will be beneficial to the patients of Douala, and of Cameroon at large. And this is thanks to your sponsorship.

I want to also acknowledge the unconditional support i received from Surgforall.

I therefore extend my heartfelt appreciation to you for this exceptional gesture.

Through this your act, you will always remain a part of my life. I am very grateful sir.

Thanks a lot

Dr. Nelson Ayuk
